Some of the works on display are available via the Annex on  
our website. In the Annex, works are introduced from a number  
of artists who also feature in Tlön Projects' *imaginary collection*.  
However, in contrast to the works in the collection, these can  
be purchased. Acquiring one of these exceptional works for your  
own collection helps support the artist and Tlön Projects.  
The funds will be used to enable future activities.
